YOUR PATHWAY to a successful career.

NMC's dynamic Associate Degree in Nursing program opens the doors to your fulfilling career as a registered nurse. The program is fully approved by the Michigan Board of Nursing, ensuring the highest standards of education and professional development.

- Nursing, Associate Degree (ADN)
- LPN to ADN completion option
- Nursing, Practical (PN)
- ADN to BSN

Diverse careers
Choose a path that's right for you, from pediatrics to emergency to non-acute care to nursing education.

ASSOCIATE DEGREE IN NURSING (ADN)

Change lives. Start your journey in nursing in just two years.

Become a Registered Nurse and make a real difference in the lives of others.

NMC's Associate Degree in Nursing (ADN) program provides a focused path to your nursing career in just two years, followed by successful completion of the NCLEX-RN exam.

Fast-track your career
Complete your prerequisites, then apply to our competitive two-year ADN program.

Gain hands-on experience
Develop your skills through clinical rotations in various healthcare settings.

BACHELOR OF SCIENCE DEGREE IN NURSING (BSN)

Finish your BSN in just 10 courses through Davenport University in a concurrent program with NMC at its Traverse City campus. Clinicals start your first day!

- Earn 90 credits—60 for your ADN and 30 for your passed NCLEX
- Only 10 classes to complete, no pre-reqs
- Receive a 44% tuition discount
- Courses available at Traverse City and online
- Free application

Start your NMC journey at nmc.edu/apply | 855.FIND.NMC

"Some of the most positive experiences about being a nurse have been watching patients heal from some of the worst days of their life in the ICU. Also, the connections you make with your colleagues working as a team are some of the best ones you will make in your life."

- Miranda Holsonback, BSN, CCRN
